Pi Tau Sigma Annual Chapter Report
2009 – 2010
Kansas State Rho

A. Initiations

In the fall, we held initiations on September 28th 2009 at 5:15 pm The ceremony consisted of the Pi Tau Sigma ceremony and a pizza dinner following. In the spring, we held initiations on April 14th 2010 at 5:00 pm. The ceremony consisted of the Pi Tau Sigma ceremony and a pizza dinner following. Nine members were added to our chapter of Pi Tau Sigma in the spring. For both initiations, an invitation to Pi Tau Sigma was sent out to all mechanical engineering students who were in the top 35% of their class and exhibited admirable qualities of personal integrity.

B.

Our chapter has been involved with the Engineering Open House at Kansas State University for many semesters. In the fall and the spring, we assisted with the setup, take-down, and tours for the Engineering Open House. Other organizations involved with the Engineering Open House at Kansas State University included; Tau Beta Pi, Engineering Ambassadors, Steel Ring Honorary, and a few other department specific honorary societies. Our chapter did not have specific responsibilities, but filled in where needed. After the fall open house, we had a chapter dinner.
