Kansas State Rho

Kansas State University, Manhattan, KS

Goals for spring 2009

Our goals for spring 2009 were to recruit and retain new initiates, and continue to build on our community service and departmental activities.

Activities

On January 29th of the spring 2009 semester, we held an initiation ceremony for our new recruits. Following the initiation we elected officers. Then we celebrated the ceremony and elections with pizza and pop.

During this spring semester Kansas Rho has been active with the Mechanical Engineering Department at Kansas State University. Every year Kansas State University hosts an Open House for potential incoming students and the surrounding community. On April 14th, this semester's new initiates and officers gave back to our community and department by decorating the Mechanical Engineering Department for Kansas State's Open House. Following this activity we bid farewell to this semester's new initiates and officers by treating them to Chipotle and discussing the future of each initiate.

Transfer of Responsibilities

This semester's President will pass on all duties to this semester's Vice President whom will step in to office as President in the fall semester of 2009. Current duties of the Vice President, Treasurer, and Secretary will be assumed by elected officers from the new initiates in the fall semester of 2009. Next semester's president will be responsible for guiding the elected officers in their roles.

Plans for 2009-2010

Our goals for the upcoming year will be to recruit and retain new initiates, and continue to build on our community service and departmental activities.
